Cure for Sick Headache.

We read a letter the other day from a lady in the town of Boulder, Colo., that should be of interest to people who are troubled with spells of sick headache. She writes that she had these spells about four times a week, was obliged to go to bed and remain there from 8 to 10 hours each time. Had been troubled this way for several years, and the attacks became more frequent. Doctors done her no good, she tried dieting, as everybody said it was from her stomach. Seeing an advertisement of Dr. Gunn's Improved Liver Pills, which said, they cure sick headache by removing the cause, she decided to try once more, and sent 50c for two boxes. She said she had taken the last pill more than 4 months ago, has not had a sick spell of any kind for more than 5 months. Druggists sell these pills for 25c per box. It only takes one for a dose, they cure sick headache every time Stone & Mercer.

PUT TO WORK ON STREETS

Were Two City Prisoners By Mayor Shields Wednesday Morning—City Prisoners Will Be Made to Work Out Fines Hereafter.

Two prisoners faced Mayor Shields at the regular session of police court Wednesday morning. Eddie Pickens was sent to jail for ten days in default of the payment of a ten dollar fine for assembling on the streets for immoral purposes. George Penn was arrested for being drunk and behaving in a disorderly manner. He pleaded not guilty and was held for the evening session. Streets were taken out of jail later in the day and put to work on the city streets under Superintendent Ed Doyle. Lloyd Adams who was sentenced to a month's imprisonment Monday morning was also turned over to Supt. Doyle. Mayor Shields says drunks will not be allowed to languish in jail hereafter but will be made to work out their fines on the streets.

ESCAPES A WRECK

Close Shave For a Passenger Train on the Main Line of the B. & O.

Fairmont, W. Va., Sept. 7.—Train No. 4, due in this city at 8:38 Tuesday night was delayed a little over half an hour between Barrackville and Barnsville. As the train was rounding a curve between the stations named, a coupling between the combination baggage and smoking car and the rear end of the train parted, leaving the rear cars to roll on by themselves. The air connections fortunately worked well, and the train was stopped after running possibly 100 yards. The engine and baggage car had run ahead some distance before the accident was discovered. Beyond a slight shaking up, and a nervous shock to the ladies on the train, no one was injured.
